Historical Note: The Municipal Hiking club, under the sponsorship of the Milwaukee Recreation Division, was organized in 1926 to promote health, fitness, and fellowship through hiking. The group disbanded in 1965 due to a dwindling membership. Several members, however, hoped to keep the club going. They secured the backing of the Milwaukee County Park Commission and changed the club's name to the Milwaukee Hiking Club. It organized events in Milwaukee, Wisconsin, and even around the U.S.

Abstract: The records were collected by Hike Supervisor Francis Bufka and consist of newsletters, membership lists, financial records, correspondence, clippings, and photos.

Administrative Note: The collection was processed on April 14, 2004 by Kevin Abing.
