Note: As this is a historic farm park, the grounds can be irregular and it is often difficult to determine where shade/sun will be.

I encourage you to visit Trimborn Farm (perhaps with the map) so you can get a feel for the space.

(may have one table outside of booth
as it is slightly smaller)

***Note: These photos act as a general representation of booths inside the Stone Barn.
As this is a historic farm park, the inside booths can be irregularly shaped and
have a variety of flooring.***

Please include any questions on your application.
