Historical Note: Gustav Stearns, a Lutheran minister, is well remembered for his role as an Army Chaplain with the Red Arrow Division. He served on the Texas border during the Mexican crisis of 1916 and then went with the A.E.F. to France, where he was decorated for gallantry under fire. His Christian treatment of all soldiers, friend and foe alike, won him respect from both sides. He was awarded the Iron Cross by Hindenburg for his work with German POW's. Stearns wrote a book about his experiences, *From Army Camps and Battlefields*, which was very well received. After the war, Stearns served as pastor of the Evangelical Lutheran Church of the Ascension in Milwaukee and, later, as chaplain at the Wood V.A. Center. He was also active in civic affairs, taking an active role in the organization of Milwaukee's annual July 4th celebration. He passed away in 1951.

Scope and Content: The records consist of Stearns' correspondence, including a copy of the Hindenburg letter; newspaper clippings; pamphlets, sermons; Stearns' notes on grave sites in France; photographs; and some of his orders from the A.E.F.

Administrative Note: The collection was reprocessed on April 2004 by Kevin Abing.
