Abstract: Pilot International, an organization of community-minded individuals dedicated to volunteering their time and resources to help people in need, was established on October 18, 1921 in Macon, Georgia. The organization currently consists of more than 400 Pilot Clubs in the United States, as well as clubs in the Bahamas, Japan, Canada, and Singapore. The Pilot Club of Milwaukee was chartered on April 24, 1953 and is one of 12 clubs belonging to the Midwest District of Pilot International.

Volunteerism and humanitarian efforts are key to Pilot International and Pilot clubs that have established schools, clinics and life-saving programs throughout the world. Today, all Pilot members support the service focus of brain-related disorders and disabilities through research, education, volunteerism, fundraising and various community projects.

Scope and Content: The contents are arranged alphabetically by subject and chronologically within topic areas. The documents are primarily textual in nature.

Materials include files on various service projects, brochures, convention programs, correspondence, fundraising projects, membership rosters, newspaper clippings, newsletters, photographs, program/business meeting agendas and minutes, and scrapbooks.

Access and Use: No restrictions on access. Requires compact disc computer drive to view CD-ROMs.

Language: English

Notes: The scrapbooks have been stored separately from the rest of the collection due to size considerations.
