

Title: Kinnickinnic River

Manuscript Number: 2777

Inclusive Dates: 2000

Bulk: 0.003 cu. ft.

Location: Sm Mss.

Scope and Content: The Kinnickinnic River is one of three rivers that flows into Lake Michigan. The river travels for about 9.6 miles. Over the years the river has been modified with concrete channeling to reinforce the river and adapt to the growing population in Milwaukee. The collection consists of a public notice that was issued on March 07, 2000. The public notice stipulates that the U.S. Army Corps of Engineers will assess the river for environmental impacts.
